

The City of Alamo is continuing to expand their Recycling Capacity and will start accepting Electronic Waste (E-SCRAP) beginning in August 2015.

Through a partnership with RDA Technologies out of Brownsville, Alamo will collect the listed items at the Alamo Recycling Center beginning August 1, 2015.

RDA Technologies will provide the tools necessary to ensure appropriate collection, packaging and disposal of this solid waste material and help ensure a cleaner, safer community environment.

Recycling Center is located at
411 N. Tower Road
Alamo, Texas 78516
