

CITY OF ALAMO

REQUEST FOR QUALIFICATIONS

The City of Alamo is soliciting sealed Request for Qualifications; hereinafter referred to as RFQ to be received by Robert L. Salinas, City Manager, at 420 N. Tower Rd., Alamo, Texas 78516. City of Alamo normal business days are Monday through Friday between the hours of 8:00 a.m. to 5:00 p.m. and shall be closed on recognized holidays.

RFQ'S will be received until **3:00 p.m. Central Time**, on **Wednesday, June 07, 2023**, shortly thereafter all submitted RFQ'S will be gathered and taken to the City's Conference Room, to be publicly opened and read aloud. Any RFQ received after the closing time will not be accepted and will be returned to the submitter unopened. It is the responsibility of the submitter to see that any RFQ submitted shall have sufficient time to be received by the City prior to the RFQ opening date and time. The receiving time at the City Hall Front Desk will be the governing time for acceptability of the RFQ's. RFQ's will not be accepted by telephone or facsimile machine. All RFQ'S must bear original signatures and figures. The RFQ shall be for:

RFQ # 2023-06 ENGINEERING SERVICES

Respondents receiving a "NOTICE TO RESPONDENTS" and/or "REQUEST FOR QUALIFICATIONS" notice in the mail or reading same in the newspaper are advised that the solicitation documents can be downloaded from the City of Alamo web site address: www.alamotexas.org, or may obtain copies of same by contacting the office of: ADELA PEREZ, PURCHASING AGENT, LOCATED AT 420 N. TOWER RD., ALAMO, TX 78516 by calling (956) 787-0006 or by e-mailing your request to aperez@alamotexas.org.

Hand Delivered, Land Courier, or Mailed RFQ'S:

City of Alamo
C/O Adela Perez, Purchasing Agent
420 N. Tower Rd.
Alamo, TX 78516

The City of Alamo reserves the right to refuse and reject any or all RFQ's and to waive any or all formalities or technicalities and to accept the RFQ deemed most advantageous to the City, and hold the RFQ's for a period of **60** days without taking action.

RFQ's must be submitted in an envelope, sealed, and prominently marked on the lower left-hand corner of the envelope with corresponding RFQ number and title.

Please read your requirements thoroughly and be sure that the RFQ offered complies with all requirements/specifications noted. Any variation from the solicitation requirements/specifications must be clearly indicated by letter, on a point by point basis, attached to and made a part of your RFQ. If no exceptions are noted, and you are the successful respondent, it will be required that the service(s) be provided as specified.

CITY OF ALAMO
Water Treatment Plant Rehabilitation and Improvements Project
via Alternative Delivery Method
Request for Qualifications
Engineering Services

1.0 REQUEST FOR QUALIFICATIONS

1.1 General Information

The CITY OF ALAMO requests the submission of Request for Qualifications (RFQ) with respect to possible loan and/or loan forgiveness funding through the Texas Water Development Board (TWDB) and/or the United States Environmental Protection Agency (EPA) to provide for planning, permitting, environmental, design, and construction management phase and other services as necessary associated with the design and construction of water system improvements related to the Water Treatment Plant Improvements Project. This Request for Qualifications (RFQ) solicits information that will enable the CITY to determine the highest qualified Engineering Firm that may provide professional engineering services for the planning, design and construction management of a project, or projects that may be funded through the TWDB and/or the United States Environmental Protection Agency (EPA). The Engineer shall support the CITY in implementing an alternative delivery project method for the water treatment plant improvements, in accordance with Government Code 2269 for alternative delivery construction methods.

1.2 Intent

The intent of the CITY is to hire an Engineering Firm to provide planning, design, and construction management phase engineering services via a two-step procurement process. The CITY will evaluate all Respondent's Request for Qualifications in step one and may conduct interviews with short-listed Respondent's, in step two. At the conclusion of either step one or step two of this process, the CITY will rank candidates by order of highest qualifications and first attempt to negotiate a fair and reasonable fixed price contract with the highest qualified Engineering Firm. If unable to negotiate a mutually acceptable contract, the CITY will terminate negotiations with the highest qualified Engineering Firm and begin negotiating with the next highest qualified candidate. If necessary, the CITY will repeat these steps until an acceptable contract is obtained. Complete procedures for procuring the Engineering Services are presented in Section 2.0 of this RFQ.

The CITY reserves the right to reject any or all qualification statements received in response to this public notice. The CITY reserves the right to short list respondents and base final selection rankings on personal interviews. The CITY reserves the right to conduct new project planning, design, and construction management phase engineering services selection procedures for this or future projects.

1.3 Standards

The selection of a service provider and award of a contract may be contingent upon the funding and approval through the TWDB.

This RFQ is issued in accordance with Section 2254 of the Texas Government Code (Professional Services Act) and Title 40 Code of Federal Regulations, Part 31 (Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments).

State and Federal requirements are applicable to this Project, including requirements regarding procurement, cost and pricing data, solicitation of Minority and Women's Business Enterprises (MWBE) and Equal Employment Opportunity (EEO). It is the respondent's responsibility to make a good faith effort in offering fair opportunity for participation in this project. Documentation of applicable efforts may be required.

Small, Minority, and Women Business Enterprises (SMWBE) are encouraged to submit qualification statements for consideration as are Small Business in a Rural Area (SBRA).

1.4 Project Schedule and Submittal Deadline

The project planning, permitting, environmental, design and construction management phase services and additional services contract is anticipated to be awarded in Summer 2023. The contract may be extended at the mutual agreement of the parties, or whatever greater period allowed by the TWDB during which the contract is in effect.

The RFQ Package (see Section 2.2) must be submitted to the CITY by 3:00 P.M. local time on JUNE 7th, 2023. See Section 2.3 for mailing or delivery instructions.

1.5 Project Description

The proposed various future projects for the period of service may include, at the CITY's determination and schedule, the following:

1.5.1 Provide for planning, permitting, environmental, design and construction management phase services and other additional services associated with design, construction, re-construction, and rehabilitation of the City's existing water treatment plant.

1.6 Public Record

All data and information submitted by the Engineering Firm in response to this RFQ shall become public information, as provided by the Texas Open Records Act, Texas Government Code Sections 552.001 – 552.026. The CITY does not assume responsibility for asserting legal arguments for confidentiality on behalf of the Engineering Firm.

1.7 Cost of Preparing Request for Qualifications Package

Costs for preparing the RFQ Package and any subsequent materials or presentations shall be solely the responsibility of the prospective Engineering Firm.

1.8 Scope of Services

The Selected Engineering Firm shall provide timely and professional planning documents, geotechnical investigations, design surveys, construction plans and technical specifications and contract documents, construction staking, operations and maintenance manuals and other specific services as discussed below. It is the intent of this RFQ that a consistent quality of services is provided for all the Project's components.

The scope of Planning, Design, and Construction Management Phase Engineering Services is expected to include:

1.8.1 Attend preliminary conferences with the CITY, TWDB personnel and other interested parties regarding the Project. Assist the CITY in the preparation of applications and supporting documents for government grants, loans, or advances in connection with the Project. Assist in the preparation or review of environmental assessments and impact statements; review and evaluation of the effects on the design requirements for the Project of any such statements and documents prepared by others; and assistance in obtaining approvals of authorities having jurisdiction over the anticipated environmental impact of the Project.

1.8.2 Prepare a Preliminary Engineering report, which shall, as appropriate, contain schematic layouts, sketches, and conceptual design criteria with appropriate exhibits to indicate the agreed-to requirements, considerations involved, and those alternate solutions available to the CITY, which the Engineer recommends.

- 1.8.3 Determine the necessity for acquisition of any additional real property/easements/right-of-way for the CITY's potential Project(s) and, if applicable, furnish all necessary information such as name and address of property owners, legal descriptions of parcels to be acquired and map of entire tracts with designation of part to be acquired to the CITY. Prepare property surveys, detailed descriptions of sites, maps, or drawings as required assist in negotiating for land and easement rights. The Engineer will coordinate preparation of an appraisal by a qualified appraiser to be paid for by the CITY, of the value of real property needed for the necessary facilities and determine the availability of title, easements, and rights-of-way needed to implement the project, if needed. The Engineer will assist the CITY to obtain all necessary right-of-way and easements on behalf of the CITY pursuant to federal requirements acceptable to public funding agencies.
- 1.8.4 Furnish and submit, on behalf of the CITY, the engineering data necessary for applications for routine permits by local, state, and federal authorities (as distinguished from detailed applications and supporting documents for government grants-in aid, or for planning advances). The Engineer will also prepare and submit, on behalf of the CITY, the engineering data and other information as required by the Texas Commission on Environmental Quality (TCEQ) for Texas Pollution Discharge Elimination (TPDES), including discharge permits and Storm Water Pollution Prevention Plans (SWP3) as required.
- 1.8.5 Provide field surveys (as needed) to collect information required for planning and design and complete related office computations and drafting.
- 1.8.6 Perform geotechnical investigations (as needed) such as auger borings core borings, soil tests, or other subsurface explorations and laboratory testing and inspecting of samples or materials relevant to design.
- 1.8.7 Prepare detailed construction plans, specifications and contract documents for the construction authorized by the CITY in accordance with all State and Federal requirements.
 - a. Development of the construction documents for this project will be completed in coordination with the procurement of a design-build contractor.
 - b. Engineer shall complete 30% design construction documents to support procurement of a design-build contractor.
 - c. Following procurement of a design-build contractor, Engineer shall complete final design in coordination with work package development prepared by the selected design-build contractor.
- 1.8.8 Prepare estimates for probable construction cost of the authorized construction.
- 1.8.9 Assist the CITY in the advertisement, evaluation, and selection of design-build contractor proposals.
 - a. Assist the CITY in a pre-proposal meeting, review proposals, assist the CITY's proposal review committee, assist the CITY in proposer interviews as needed (if using a two-step design-build contractor procurement process), assist the CITY in making a recommendation for selection of the contractor.
- 1.8.10 Assist the CITY in working with the selected design-build contractor to finalize project scope and a proposed guaranteed maximum price (GMP) proposal for the finalized water treatment plant project scope.
 - a. Engineer shall coordinate with the selected design-build contractor to develop equipment procurement and construction work packages for scope, pricing and lead time review to present to the CITY for review, approval and notice to proceed per package.

- 1.8.11 Provide field surveys and office computations for construction control staking (as needed), including the staking of benchmarks and horizontal control references for the contractor to stake out of work.
- 1.8.12 Consult and advise the CITY during construction; issue all instruction to the contractor requested by the CITY and prepare and issue routine change orders with the CITY's approval. Prepare alternate designs (as needed) or non-routine contract change orders (as needed) that are necessary due to no fault of the Engineer and upon approval of the CITY, TWDB, and/or EPA.
- 1.8.13 Review samples, catalog data, schedules, shop drawings, laboratory, shop and mill tests of material and equipment and other data which the contractor submits. The Engineer will review and approve for conformance with the design concept, all shop drawings and other submittals as required by the Contract Documents to be furnished by contractors.
- 1.8.14 Obtain and review monthly and final estimates for payments to contractors and furnish any recommended payments to contractors or suppliers to the CITY and assemble written guarantees which may be required by the Contract Documents.
- 1.8.15 Attend monthly meetings with the CITY, TWDB, and/or EPA during construction.
- 1.8.16 Prepare an operation and maintenance manual that meets applicable TWDB and/or EPA guidelines for submission to the CITY before construction of the project is 90% complete.
- 1.8.17 Conduct, in the company of the CITY, a final inspection of the project for compliance with the Contract Documents and submit recommendations concerning project status of the CITY's final payment to the contractor. Prior to submission of recommendation for final payment on each contract, the Engineer will submit a certificate of substantial completion of work done under that contract to the CITY, TWDB, EPA and others as required.
- 1.8.18 Revise the Contract Drawings (unless redrawing is required) from as-built drawings submitted by the contractor, to show the work as constructed. The Engineer will provide the CITY with one set of reproducible records (as-built) drawings and two sets of prints. Such drawings will be based on the resident project inspector's construction data and the construction records provided by the contractor during the construction.
- 1.8.19 Coordinate approval and issuance of Certificate of Acceptance (COA) from TWDB, and/or EPA, and others as required.
- 1.8.20 Conduct, within one month of its expiration, in the company of the CITY, a warranty inspection of the project for compliance with the Contract Documents and submit recommendations concerning project warranty issues to the CITY, TWDB, and/or EPA, and others as required.
- 1.8.21 The Engineer shall review the first year's operation of the Project and revise the operations and maintenance manual for the Project as necessary to accommodate actual operational requirements and expenses. Eleven months after initiation of the Project's operation, the Engineer shall advise the CITY in writing whether the Project meets the project performance standards.
- 1.8.22 The Engineer shall assist in training operating personnel and coordinate the preparation of curricula and training materials for operating personnel.

2.0 INSTRUCTIONS AND PROCEDURES

2.1 Prohibition

Do not submit pricing information. If pricing information is submitted, the response to the RFQ will not be considered.

2.2 RFQ Package Preparation

The Qualification Package will include the following four (4) components and shall be numbered as shown:

- 2.2.1 One Page Transmittal Letter. The letter shall provide the names, title, address (physical and mailing) and telephone number of the official contact and shall be numbered if more than one page.
- 2.2.2 Statement Concerning Insurance. Confirmation that the Engineering Firm will provide general liability insurance, worker's compensation, and professional liability insurance for the project within 10 calendar days of any Notice of Award.
- 2.2.3 Statement Concerning Conflict of Interests. Those interests of the Engineering Firm that would impede with or interfere in the carrying out of the duties and responsibilities of the position of Project Design Engineer are deemed conflicting. Utilize the attached Conflict of Interest Statement form.
- 2.2.4 Qualifications Statement. Use the format in Section 3.0, Request for Qualifications – Format. No material shall be incorporated by reference only, nor should brochures, photos, or additional data be submitted. Any such material will not be considered in the evaluation process. The entire Qualification Package shall stand alone and include full responses to all RFQ instructions. The Qualification statement must not exceed 20 pages of 8½” by 11” paper.

Note: If the Engineering Firm is a Joint Venture firm, then documentation of its incorporation may be requested.

2.3 Submitting the RFQ Package

The Engineering Firm shall submit one (1) copy of the Request for Qualifications Package. Packages may be delivered by courier or mail. No faxes will be accepted. The Qualifications Statement Package should be in sealed envelopes which are clearly labeled and addressed as follows:

The RFQ is available from the CITY upon request or by picking up a copy at the address below during regular business hours. **One (1) copy of the RFQ Package should be submitted by 3:00 P.M. local time, June 7th, 2023, in a sealed envelope to the following address and clearly labeled accordingly:**

**CONFIDENTIAL: REQUEST FOR QUALIFICATIONS ENCLOSED
ALTERNATIVE DELIVERY ENGINEERING SERVICES
ATTENTION: ADELA PEREZ, PURCHASING AGENT
CITY OF ALAMO
420 N. TOWER RD.
ALAMO, TX 78516**

The CITY does not discriminate on the basis of race, color, national origin, sex, religion, age, or disability in employment or provision of services, programs, or activities. Small Minority and Women's Business Enterprises are encouraged to submit RFQs. The CITY is an Equal Opportunity Employer. For additional information or to receive the RFQ, please contact Adela Perez, Purchasing Agent at (956) 787-0006 or by emailing your request at aperez@alamotexas.org.

Regardless of submission method, the submission deadline for RFQ's is no later than 3:00 P.M. local time, June 7th, 2023. The CITY may not review packages submitted in any other format. Late proposals will not be accepted for review under any circumstances.

2.4 Evaluation Factors and Relative Importance

The following factors, in order of relative importance, will be used in identifying the highest qualified Engineering Firm:

2.4.1 Professional qualifications of the individual(s) (including subcontracted personnel) who will perform the work.

<u>Criteria</u>	<u>Points</u>
Experience in water treatment plant design	25
Experience in implementing alternative delivery projects	45
Capacity to perform	15
Familiarity with funding agencies	10
Familiarity with the City of Alamo	5

2.5 Inquiries

If any Engineering Firms have any questions or need any additional information to clarify the intent of this RFQ, submit questions or requests in writing as discussed in Section 2.6. The CITY will collect these questions and respond to all the RFQ Package holders in writing prior to evaluation.

Engineering Firms should not attempt to contact any individual from the CITY other than in the form provided in this Request for Qualifications. Should any Engineering Firms find discrepancies in or omissions from the RFQ or should the Engineering Firm be in doubt as to their meaning, the Engineering Firm shall notify Adela Perez, Purchasing Agent at (956) 787-0006 or email aperez@alamotexas.org. Request for clarifications will be received in writing up to 96 hours of the submittal deadline. Answers to all such requests will be given in writing by the CITY to all prospective Engineering Firms no later than 48 hours of the submittal deadline. Oral explanations or instructions will not be binding. Written request for clarifications may be sent to same address as shown for final RFQ Package submittal. Clarifications will be sent to all individuals or firms that have received the RFQ.

2.6 Evaluation Process

The CITY may call upon anyone they deem necessary to assist with the evaluation.

The CITY may obtain information from references.

The CITY may contact the Engineering Firms for the purpose of obtaining additional information or clarification during the evaluation period.

The CITY will evaluate each Qualification Package received, in accordance with the factors in Section 2.4, based on the contents of the RFQ package, any subsequent written clarifications required, and reference information obtained. The CITY will not consider any information or data incorporated by the Engineering Firm by reference or otherwise referenced, except it will consider reference information the CITY obtains from existing and prior City projects of the Engineering Firm.

The CITY may rank and determine the highest qualified Engineering Firm based solely upon the evaluation of the Request for Qualifications package, any subsequent written clarifications required, and reference information obtained.

If, based on the review of the Qualifications Packages the CITY deems it necessary to interview Engineering Firms to determine the highest qualified Engineering Firm, the CITY OF ALAMO may identify two or more Engineering Firms to be interviewed using the procedure in Section 2.7.

2.7 Interviews

The CITY may develop a list of questions to be answered by each Engineering Firm interviewed and provide additional instructions to be followed. These parties will be allowed one (1) week to prepare for the interviews. The total elapsed time between the CITY short-list selections and interviews by the CITY

will be approximately two (2) weeks. The CITY will rank and determine the highest qualified Engineering Firm upon completion of the interviews.

2.8 Notification of Selection

The CITY will notify the most qualified Engineering Firm in writing. Upon notification of selection by the CITY, the Engineering Firm shall submit a detailed cost proposal based on the proposed scope of work. Upon receipt of the proposal, the CITY and Proposer will attempt to negotiate scope and extent of work to be performed, time for full performance, compensation, and other terms. Final selection of the successful Engineering Firm will be contingent upon approval of the City Commission.

2.9 Additional Information

2.9.1 This contract is contingent upon availability of funds for the CITY.

2.9.2 Any contract or contracts awarded under this Request for Qualifications (RFQ) are expected to be funded in part by grant funds. Neither the State of Texas nor any of its departments, agencies, or employees are or will be a party to this RFQ or any resulting contract.

2.9.3 This contract is subject to the Environmental Protection Agency's (EPA) Disadvantaged Business Enterprise (DBE) Program, which includes EPA-approved fair share goals toward procurement of Minority and Women-owned Business Enterprise (M/WBE) firms. EPA rules require that applicants and prime contractors make a good faith effort to award a fair share of contracts, subcontracts, and procurements to M/WBEs through demonstration of the six affirmative steps. For more details of the DBE Program and the current, applicable fair share goals, please visit www.twdb.texas.gov/dbe.

2.9.4 Equal Opportunity in Employment - All qualified Applicants will receive consideration for employment without regard to race, color, religion, sex, age, handicap or national origin. Bidders on this work will be required to comply with the President's Executive Order No. 11246, as amended by Executive Order 11.375, and as supplemented in Department of labor regulations 41 CFR; Part 60. Small, minority and women-owned firms are encouraged to submit proposals.

3.0 REQUEST FOR QUALIFICATIONS- FORMAT

The information in the Engineering Firm's Request for Qualifications in this Package shall be presented either on these sheets or in the same order and sequence as outlined below.

3.1 Organization

Describe the Engineering Firm's organization in accordance with the format below:

General

3.1.1 Firm Name: _____

3.1.2 Address & Phone Number: _____

3.1.3 Texas Board of Professional Engineers Firm Registration Number: _____

3.1.4 Submittal is for: Parent Company Branch Office

3.1.5 Year Firm Established: _____

3.1.6 Former Firm Name(s): _____

3.1.7 Type of Ownership: _____

3.1.8 Name of Parent Company (if any): _____

3.1.9 Name of Principals and Titles:

Principal Name: _____	Title: _____
Principal Name: _____	Title: _____
Principal Name: _____	Title: _____
Principal Name: _____	Title: _____
Principal Name: _____	Title: _____

3.1.10 Office Locations, Number of Personnel in each Office, and Types of Disciplines in each Office. Examples of Disciplines: Administrative, Draft persons, Computer Technicians, Civil Engineers, Construction Managers, Inspectors, Schedulers and other.

Office Location: _____ Employees: _____
Disciplines: _____

Office Location: _____ Employees: _____
Disciplines: _____

Office Location: _____ Employees: _____
Disciplines: _____

Office Location: _____ Employees: _____
Disciplines: _____

Office Location: _____ Employees: _____
Disciplines: _____

3.2 Key Personnel/Project Team

3.2.1 The Engineering Firm shall provide a brief profile for key personnel that will be assigned to this project. The information for each member of the Project Team must include the following: Name, Area(s) of Expertise, Years of Experience in that area(s), Professional License(s), including registration number(s), (if applicable), TCEQ Licenses, (if applicable) and experience with State and Federal Agencies (if applicable).

3.2.2 For those team members than maintain a professional license issued by a state agency, indicate their current standing with that agency.

3.2.3 The Engineering Firm shall describe their specific project approach and key elements identified relative to the project description in 1.5 and the tasks shown in 1.8 of the RFQ.

3.2.4 Include an organizational chart showing participants and disciplines for specific portions of assigned work on this project, and lines of authority for all portions of the work.

3.2.5 The Engineering Firm shall provide a list of names, addresses and specialties of outside consultants/associates for this project and prior working relationship. List specific areas of responsibility (including administrative, technical, and financial) for each firm.

3.2.6 Identify the level of participation of MWBE team members in percent of total work effort.

3.3 Resource Utilization Plan

3.3.1 Labor Resources: The Engineering Firm shall include a brief statement describing how staff will be provided, allocated and balanced during sickness, attrition, and periods of increased workloads.

3.3.2 Equipment Resources: The Engineering Firm shall list all pieces of office and/or field equipment which is owned, or that it has direct access to, that is pertinent to this project.

Office Equipment:

Field Equipment:

3.4 Workload Status

- 3.4.1 Based on the Engineering Firm’s current workload and staffing, indicate the current percentage of capacity at which the Engineering Firm is operating. Indicate the current backlog (if any) of the assignments in months.
- 3.4.2 Based on current assignments, backlogged assignments and known future assignments not currently in-house, indicate the percentage of capacity that the Engineering Firm will be operating during the time indicated in the RFQ and the ability to meet the time constraints for completion of the project tasks while completing other prior committed workloads which involve members of the team identified for assignment to this project.
- 3.4.3 Identify the percentage of time key personnel will devote to this project.
- 3.4.4 Identify tasks to be completed locally, by an identified associated office or by an identified subcontractor.

3.5 Experience

The Engineering Firm shall list examples of the Firm’s project management, design, and construction management experience for water treatment plant improvements, especially with regard to rehabilitation and upgrade of existing water treatment plants.

The Engineering Firm shall also document the Engineering Firm’s 5 most recent projects implemented using an alternative delivery method, such as Design-Build (DB), Progressive Design-Build (PDB), or Construction Manager At-Risk (CMAR).

List the most recent 5 years’ experience (maximum of 10 assignments) - Experience must include: Name, Location, Contact Person and Telephone Number, Date of Engagement for Assignment.

3.6 References

The CITY will contact references. In addition to the contact person(s) listed, the CITY may discuss the Engineering Firm's work performance with any current or former employee of the reference firm. References must include Project Name & Location, Engineering Firm's role and responsibility, specific City of Alamo contacts, list name(s) and phone number(s) of the CITY's representatives, name and phone number of Project Engineer, list name(s) and phone number(s) of Governmental Agency contact and brief description of the projects and Firm's duties.

3.7 Claims/Performance/Insurance/Bonding

3.7.1 If the Engineering Firm is currently involved in litigation or arbitration based on its work, briefly describe the nature of the claim.

3.7.2 If the Engineering Firm has ever been terminated from an assignment for non-performance, please briefly explain.

3.7.3 Name of Engineering Firm's General Liability, Workers Compensation and Professional Liability insurance carrier and agent's address and telephone number.

3.8 Joint Ventures/Subcontracts

If it is anticipated that this assignment will be executed as a joint venture, and/or of 25% or more of the assignment based on either cost or time is to be subcontracted, provide the company's name of the joint venture partner and/or subcontractor and the proposed work for which it is responsible. Joint venture partners and subcontractors responsible for 25% of the work as indicated above must provide a separate Qualification Package.

3.9 Submittal Shall Be Signed in Accordance with The Following Format:

Submitted By: (must be principal of the Firm)

Signature

Name (typed)
